DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 13-17 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Miyake et al, U. S. Patent 4,093,570.

Claims are rejected for reasons of record. Applicants have argued that the reference fails to teach the claimed methacrylate polymers. The argument has been considered, but is not found persuasive. Reference to Miyake et al specifically teaches the use of methacrylate monomers in the formation of his polymers as can be seen in columns 3 and 4. His polymers are, therefore, "methacrylate" polymers and read on this limitation. The rejection as presented in the last office action, therefore, remains proper, and is herein repeated and made final.

3. Claims 1-12 are allowed.
4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
